Section IV – Evaluation Criteria

Evaluation Criteria

This Section complements the Instructions to Bidders. It contains the criteria that NHE will use to evaluate a bid and determine whether a Bidder has the required qualifications. The Criteria hereunder are derived from the ITB and BDS. No other criteria but those indicated here shall be used during evaluation.

Evaluation Methodology

Evaluation will be conducted by a Bid Evaluation Committee (BEC) appointed in accordance with the Procurement Act and Regulations and evaluated in accordance with the criteria stated here below and in tables 1, 2,3 and 4 in four phases.

Administrative Compliance – ITB 13.1 (all paragraphs excluding paragraph 4)

Administrative compliance will be assessed based on a Yes or No, and the aim of this criteria is the collection of administrative information that will eventually form part of the contract at award. Bidders will not be disqualified by scoring a No at this stage as per **TABLE 2**.

The eligibility criteria will be assessed based on the scoring matrix. Only the bidders who obtain **80%** for all criteria and satisfy the formal documentary evidence, will be considered to participate in stage two of the bidding process. At the end of stage one, all bidders who are substantially non-responsive will be rejected.

Bidders will be assessed against the criteria as stated in **TABLE 4**.

The eligibility criteria will be assessed based on the scoring matrix. Only the bidders who score **80%** for all criteria and satisfy the formal documentary evidence as, will proceed to the next stage of the bidding process. Submission

Important Notes

All Bidders who pass all the stages of Evaluation (Administrative and Legal, Technical as well as Financial Compliances), before proceeding to stage two of the procurement will be subjected to this evaluation process.

Physical Verification of Identified Projects

Bidders are required to select one completed project that meets the requirements in Criteria 2 of Technical Compliance. This should be a project of similar nature and same complexity (a large number of housing units constructed under one/same project). If the referenced project does not meet the requirement and another project presented in bid does, the committee will consider that project for both evaluation and inspection.

NHE will only do physical verification on the project used for evaluation and site visits are compulsory and will be carried out by the Bid Evaluation Committee (BEC) members.

Project No.1 – Project listed in Criteria 2 of Technical Compliance

House/residential construction or building works project with size and value equivalent to the bid amount or more.

Reference Confirmation

Bidder must provide NHE with all the details of the projects and correct contact details of both the client and the consultant (principal agent) on the project. It is therefore of paramount importance that correct contact details for all projects forms part of your submission at all times. In instances where another project, other than the cited project is selected by BEC for evaluation, confirmation will be obtained, and reference check will be done accordingly.

NHE will directly contact the respective clients and consultants (principal agents) and their responses should be received on time. Failure to submit responses on time will result in a negative score to the bidder.

Listed clients and consultants (principal agents) will be required to give confirmation by completing the Completed Projects Reference Forms. Evaluation scores are allocated to the different criteria as stated on these forms.

Bidders are not allowed to complete these forms and /or influence this process in one or another way and should that be the case, bidders will be penalised.

Incorrect or insufficient information will result in the Bidder being disqualified from the evaluation process.

Each project must obtain a minimum score of 80% and physical verification will be done separately.
